

A small speaker and electronic components are visible in the top left corner of the image. The speaker is a circular unit with a metal frame and a black cone. Below it, there are several electronic components including a red electrolytic capacitor, a small resistor, and some wiring. The background is a solid orange color.

# WALTER GIERS

A large, stylized black handprint graphic is centered on the orange background. The handprint is simple and bold, with fingers spread. It overlaps with the text 'EINFACH MACHEN!' and the date information at the bottom.
